

Industrial Talent Directory

Sectors Served	Organization Name	Description
    	<p><u>Apex Technical Institute</u> Queens, NY</p>	<p>Training offered in: Automotive and Service Repair, Air Conditioning and Refrigeration, Autobody Repair, Combination Welding Technology, Electrical and Advanced Electrical, Construction and Building Skills, and Plumbing and Pipefitting.</p>
   	<p><u>Bronx Community College</u> Automotive Technology Bronx, NY</p>	<p>This A.A.S. program trains students in the development, testing, diagnosis and service of mechanical, hydraulic, electrical and thermodynamic automotive systems.</p>
  	<p><u>Bronx Community College</u> Electronics Engineering Tech. Bronx, NY</p>	<p>This A.A.S program prepares students to be technicians who can build, test, and maintain complex electronic equipment such as computers, control systems, communication networks, power systems and medical devices.</p>
	<p><u>Brooklyn Job Corp</u> Brooklyn, NY</p>	<p>Brooklyn Job Corp provides training in culinary arts and can be a good source of talent for food prep and manufacturing.</p>
	<p><u>Building Skills NYC</u> Brooklyn, NY</p>	<p>Building Skills NYC connects New Yorkers with careers in the construction industry. They review candidates to ensure they are work ready with construction skills before they interview with employers.</p>

Industrial Talent Directory

Sectors Served	Organization Name	Description
    	<p><u>Brooklyn Workforce Innovations</u></p> <p>Brooklyn Networks</p> <p>Brooklyn, NY</p>	<p>Graduates of this six week training program receive their BIC-SI credential and are skilled to work in fields such as voice and data cabling, security system installation, broadcast cabling, and A/V system installation.</p>
 	<p><u>Brooklyn Workforce Innovations</u></p> <p>Brooklyn Woods</p> <p>Brooklyn, NY</p>	<p>Graduates of this seven week training program learn how to safely operate tools and woodworking machinery, how to work with solid and man-made materials, different types of cutting, math, measurements and fractions, and receive OSHA 30 training.</p>
    	<p><u>Brooklyn Workforce Innovations</u></p> <p>CDL</p> <p>Brooklyn, NY</p>	<p>Graduates of this four week program are trained in map reading, maneuvering in emergency situations, defensive driving, and more. They are all CDL credentialed.</p>
   	<p><u>Brooklyn Workforce Innovations</u></p> <p>Customized Training</p> <p>Brooklyn, NY</p>	<p>BWI can train incumbent or new entry level workers from the community to meet the needs of your business. Past trainings have been in roofing, manufacturing, construction, and more.</p>
 	<p><u>Central Family Life Center Youth-Build</u></p> <p>Staten Island, NY</p>	<p>YouthBuild students learn construction skills and a nationally recognized credential from the National Center for Construction Education and Research.</p>

Industrial Talent Directory

Sectors Served	Organization Name	Description
  	<p><u>City College</u> Chemical Engineering Manhattan, NY</p>	<p>Students in this B.E. program focus on physical chemistry, materials science, organic chemistry, analysis of chemical processes and more.</p>
   	<p><u>City College</u> Electrical Engineering Manhattan, NY</p>	<p>This program offers undergraduate, masters, and doctoral degrees in electrical engineering, focusing on topics such as transistors for computer chips, communication systems, fiber optics, control systems, and more.</p>
 	<p><u>City College</u> Mechanical Engineering Manhattan, NY</p>	<p>Students in this B.E. program are prepared for careers in industries ranging from aerospace to biotechnology. They conduct research and projects in fluid mechanics, robotics, solid mechanics, nano-fabrication, biomechanics, nuclear engineering, and sustainable energy systems.</p>
   	<p><u>City College</u> Environmental Engineering Manhattan, NY</p>	<p>Students in this B.E. program focus on a variety of real world issues including: air pollution, water quality, soil moisture assessment, vegetation health, and more environmental fields.</p>
  	<p><u>City Tech</u> Electrical & Telecommunications Engineering Technology Brooklyn, NY</p>	<p>This program prepares students with both Associates and Bachelor degrees for careers in the electrical and telecommunication industries.</p>

Industrial Talent Directory

Sectors Served	Organization Name	Description
    	<p><u>City Tech</u> Mechanical Engineering Technology Brooklyn, NY</p>	<p>This program prepares students with both Associates and Bachelor degrees focused on materials testing, manufacturing, CAD, mechanical design, quality assurance, industrial design, and more</p>
   	<p><u>College of Staten Island</u> Electrical Engineering Staten Island, NY</p>	<p>Students in this B.S. program take a variety of classes on electrical and electronic circuits, computer aided engineering, thermodynamics, microcontrollers, advanced engineering design, and more.</p>
   	<p><u>College of Staten Island</u> Engineering Science Staten Island, NY</p>	<p>Students in this B.S. program receive broad engineering, mathematical and scientific studies that prepare them for engineering roles in specialties such as mechanical or computer engineering.</p>
	<p><u>Course of Trade</u> Brooklyn, NY</p>	<p>Course of Trade can help small or large scale garment manufacturers connect to their trained sewers.</p>
	<p><u>Custom Collaborative</u> Manhattan, NY</p>	<p>Custom Collaborative offers a 14 week training in fashion design teaching everything from how to construct made to measure clothing, ethical manufacturing, and the business basics of the fashion industry.</p>

Industrial Talent Directory

Sectors Served	Organization Name	Description
	<u>Duro Workforce</u> Bronx, NY	Duro provides training for youth 14-24 via their Fun Fab program, which focuses on: introduction to manufacturing and robotics, arithmetic, geometry, trigonometry and algebra, technical drawings, CAD: Tinkercad & Fusion 360, measuring tools & fasteners.
	<u>Fashion Institute of Technology</u> Manhattan, NY	FIT hosts a variety of undergraduate academic programs including: jewelry design, menswear, textile design, home products development, packaging design, fashion design, and footwear and accessories design.
 	<u>Green City Force</u> Brooklyn, NY	Green City Force trains individuals in green jobs. Participants are certified by the U.S. Green Building Council and work in programs such as electrical, plumbing, recycling, carpentry and more.
 	<u>Historic Tappen Park YouthBuild</u> Staten Island, NY	YouthBuild students learn construction skills and a nationally recognized credential from the National Center for Construction Education and Research.
	<u>The HOPE Program</u> Bronx / Brooklyn, NY	The HOPE program trains individuals in a variety of green infrastructure skills, including roofing, construction, and urban horticulture.

Industrial Talent Directory

Sectors Served	Organization Name	Description
  	<p><u>Hostos Community College</u> Electrical Engineering Bronx, NY</p>	<p>Students in this A.S. program in Electrical Engineering can matriculate to a B.S. in Electrical Engineering from City College or a Btech in Computer Engineering from City Tech.</p>
 	<p><u>Hostos Community College</u> Mechanical Engineering Bronx, NY</p>	<p>Students in this A.S. program in Mechanical Engineering can matriculate to a B.E./M.E. in Mechanical Engineering from City College.</p>
	<p><u>Hot Bread Kitchen</u> Brooklyn, NY</p>	<p>Hot Bread Kitchen trains women in a variety of food preparation programs. Graduates are poised to work not only in restaurants, but in food manufacturing businesses.</p>
    	<p><u>Kingsborough Community College</u> Engineering Science Brooklyn, NY</p>	<p>CUNY'S KCC offers a 66 credit A.S. in Engineering Science teaching students: math, science, computing techniques, principles and methods of engineering, environmental & safety concerns.</p>
 	<p><u>Kingsborough Community College</u> Maritime Technology Brooklyn, NY</p>	<p>CUNY'S KCC offers a U.S. Coast Guard approved 60 credit A.A.S in Maritime Technology with technical courses in Oceanography, Seamanship, Navigation, Marine Electronics, Ship Handling, Sailing, Vessel Repair, Welding, Diesel & Out-board Engines & more.</p>

Industrial Talent Directory

Sectors Served	Organization Name	Description
   	<p><u>LaGuardia Community College</u></p> <p>Electrical Engineering</p> <p>Queens, NY</p>	<p>This program prepares students in telecommunications and digital signal processing, systems and robotics, electromagnetics and RF.</p>
  	<p><u>LaGuardia Community College</u></p> <p>Energy Technician</p> <p>Queens, NY</p>	<p>This A.A.S. trains students in a variety of subject areas, including: Auto CAD, manufacturing process, HVAC, Thermodynamics, Computer Electronics, Electrical Drafting.</p>
 	<p><u>LaGuardia Community College</u></p> <p>Industrial Design</p> <p>Queens, NY</p>	<p>This A.A.S. in industrial design technology trains students in: creating and designing solutions towards problems of form, usability, user ergonomics, engineering, marketing, brand development, and sales. Students leave with a foundation to be able to begin a career in CAD, model making, product design and fabrication.</p>
 	<p><u>LaGuardia Community College</u></p> <p>Mechanical Engineering</p> <p>Queens, NY</p>	<p>This A.S. trains students in mechanics, kinematics, structural analysis, mechatronics, robotics, drafting, thermodynamics, and energy.</p>
  	<p><u>Lincoln Tech</u></p> <p>Queens, NY</p>	<p>Lincoln Tech in queens offers training in Automotive Technology, as well as High and Low Voltage Electrical Training.</p>

Industrial Talent Directory

Sectors Served	Organization Name	Description
 	<p><u>New Settlement YouthBuild</u> Bronx, NY</p>	Youth ages 16-24 are trained in construction and residential building rehabilitation. They are prepared for NCCER, OSHA, OSHA Construction 10, OSHA 30, BASI, BSI, Supported and Suspended Scaffold, Flagging Training, First Aid, CPR, and union apprenticeships.
 	<p><u>NMIC YouthBuild</u> Manhattan, NY</p>	Students ages 17 - 24 are trained in the fundamentals of economics, leadership development, how to build a business model, and the operations of running a small business.
  	<p><u>Nontraditional Employment for Women</u> Manhattan, NY</p>	NEW prepares women for careers in the building and construction trades, transportation, green jobs, and building maintenance and operations industries.
    	<p><u>NYC Accelerator Internship Program</u> Citywide, NY</p>	NYC Accelerator Internship is a 15-week city sponsored internship program designed to train undergraduate and graduate STEM students and match them with companies committed to sustainability.
 	<p><u>Opportunities for a Better Tomorrow</u> Brooklyn, NY</p>	Opportunities for a better tomorrow trains youth ages 16-24 in a variety of skills, including masonry technician.

Industrial Talent Directory

Sectors Served	Organization Name	Description
  	<p><u>Parks Opportunity Program</u> Citywide, NY</p>	Participants receive 6 months of employment with the City of New York cleaning and greening parks, playgrounds, and other city spaces. Participants also receive on the job training, career coaching, and specialized training.
	<p><u>Pathways to Apprenticeship</u> Manhattan, NY</p>	P2A helps individuals prepare for construction union jobs, and offers pre-apprenticeship and training in a 140 hour program focused on readiness training, building trades, math, building industry, labor history, OSHA 30, and more.
  	<p><u>Queensborough Community College</u> Electronic Engineering Technology Queens, NY</p>	This A.A.S. program focuses on electronics, telecommunications, electrical control systems, microprocessors and micro-computers, and more.
    	<p><u>Queensborough Community College</u> Engineering Science Queens, NY</p>	This A.S. program has a variety of concentrations in chemical engineering, civil engineering, electrical engineering, or mechanical engineering.
 	<p><u>Queensborough Community College</u> Mechanical Engineering Technology Queens, NY</p>	This A.A.S. program focused on manufacturing process, metallurgy and materials, fundamentals of computer numerical control, CAD, thermodynamics and more.

Industrial Talent Directory

Sectors Served	Organization Name	Description
  	<p><u>Queensborough Community College</u> Telecommunications Technology Queens, NY</p>	<p>This A.A.S program focuses on electronics, telecommunications, microprocessors and microcomputer, network fundamentals, and more.</p>
  	<p><u>Rebuilding Together NYC</u> Brooklyn, NY</p>	<p>Rebuilding Together NYC trains New York City residents in construction methods. While participants are gaining skills and credentials, they are working on rehabilitation and repair projects within low income communities.</p>
 	<p><u>SoBro YouthBuild</u> Bronx, NY</p>	<p>SoBro YouthBuild trains students ages 17-24 in construction, leadership, and other professional skills over the course of 10 months. Students leave with their OSHA 10 or 30, as well as their NCCER CORE Construction Competencies Cert. Carpentry Cert. and Your Role in the Green Environment Cert.</p>
	<p><u>SoHarlem</u> Manhattan, NY</p>	<p>SoHarlem incubates fashion and textile designers and entrepreneurs as well as providing training to local residents in garment construction, design and studio management.</p>
  	<p><u>SolarOne</u> Brooklyn, NY</p>	<p>SolarOne trains individuals in a variety of green jobs including green building operations and maintenance, basic green construction, such as plumbing and carpentry, and solar panel installation. They also offer training for your current building staff and property managers on green building operations.</p>

Industrial Talent Directory

Sectors Served	Organization Name	Description
	<u>St. Nicks Alliance</u> Brooklyn, NY	St. Nick's provides workforce training in a variety of skills including urban green scaping, environmental remediation, and construction. Participants walk away with a variety of certifications including Solar One Green Construction Certificate, 30-Hour OSHA, and more.
  	<u>SUNY Maritime</u> Bronx, NY	SUNY Maritime offers a variety of programs. An A.A.S. in Marine Technology; B.S. in: International Transportation and Trade, Marine Environmental Science, Marine Operations, Marine Transportation, and Marine Studies; and BE in: Electrical Engineering, Facilities Engineering, Marine Engineering, Mechanical Engineering, and Naval Architecture.
	<u>The Bronx Innovation Factory</u> Bronx, NY	The Bronx Innovation Factory introduces youth and other Bronx residents to skills in technology and advanced manufacturing.
 	<u>The Doe Fund</u> Manhattan, NY	Through Ready, Willing, and Able, the doe fund trains disenfranchised men in workplace skills, beautification projects, construction, welding, culinary, and other occupational tracks.
 	<u>Youth Action YouthBuild</u> Manhattan, NY	YouthBuild trains students in a multitude of disciplines including construction, building operations and maintenance, and culinary skills that prepare them for food manufacturing and food prep positions.
